eReferral Update

More than **200** referrals have been sent since the Ocean eReferral Network went live mid-August!* And more big news: we're excited to share that the **System Coordinated**

Access (SCA) program recently won the AFHTO Bright Lights award for Optimal Use of Resources. We can't do what we do without you — so a huge **THANK YOU** for your continued efforts. For more information on this award, please [click here](#).

WE ARE LOOKING FOR PATIENTS AND CAREGIVERS TO JOIN OUR WORKING GROUP

It's important to us that patients and family caregivers have a say in the development of digital health tools that impact how they are receiving care in our community.

Do you know a patient, family member, or friend who you think would be interested in taking part in the SCA program's patient and caregiver working group? If so, we would love to hear from them.

Please click [here](#) to view the invitation, and feel free to post in your office's waiting room! (Printed copies are also available — click [here](#) to make a request and someone from our team will drop them off.)

We value your continued feedback: info@ehealthce.ca
