

STANDARD DIAGNOSTIC IMAGING REQUISITION FORMS ARE NOW IN EFFECT

The Diagnostic Imaging Integrated Program Council, in partnership with the System Coordinated Access Program (SCA) have developed standardized regional diagnostic imaging outpatient requisitions. This means *that all hospitals within Waterloo Wellington Region* are now accepting the same forms for outpatient DI requisitions (e.g. for MRI, CT etc.)

The standardized regional forms **can be sent by fax**, electronically (**e.g. EMR custom form**) or by an electronic referral solution (**eReferral**).

Find the new forms here:
systemcoordinatedaccess.ca/di

If you are interested in pursuing electronic referral please contact the System Coordinated Access Team at eReferral@ehealthce.ca or 519-885-0606 ext. 1040
